The Management Team

Stef Loup

Managing Director/Technical Director

Stef Loup's career spanning more than 37 years in the commercial aviation industry. As Managing Director of Insight Aviation B.V. Mr. Loup structures and manage the CAMO Organisation. Previously, Mr. Loup worked as an instructor at the NLC a Dutch Aviation College and spent 8 years as an Airworthiness & Regulatory Specialist for the CAA-Netherlands and MRB/ICA specialist and chairman for EASA. Prior to this Mr. Loup worked at 18 years at Fokker Aircraft N.V. as licensed aircraft engineer and as Technical Representative at Fokker Aircraft N.V. where he assisted Fokker's new customers worldwide, implementing the new aircraft types into their organization.

Ronald Prins

Accountable Manager (CAMO) & Technical Director

Ronald Prins has over 35 years of airline and aviation experience. Mr. Prins is the Accountable Manager for the CAMO Organisation and has expertise in airworthiness & regulatory. Before Insight Aviation, Mr. Prins was employed by Transavia Airlines as licensed technician and later as a technical representative at the Boeing factory, where he was responsible for the technical acceptance. Mr. Prins continued his career in several positions as Structure, Cabin and Powerplant engineer. Between 2007-2010 he was employed as an Airworthiness & Regulatory Specialist for the CAA-Netherlands. Currently he has positions as accountable manager, Quality manager, engineering manager and technical manager at several assignments.

Marco Meijers

Technical Director

Marco Meijers joined Insight-Aviation in 2012. He is an aviation professional with over 26 years in the industry. Prior to joining Insight Aviation, Mr. Meijers worked as a Program Manager for global technical asset management company, where he was responsible for overseeing asset management services, including monitoring and verifying Lessee's compliance with applicable maintenance obligations under the lease on behalf of clients. Other significant positions held by Mr. Meijers have included Senior Technical Manager for International aircraft Management (IAM) B.V, Technical Asset Management Manager for Excel Aviation Group and Engineering Manager with Air Holland.

The full Insight Aviation Team consist out of ten employed hight qualified and experienced aviation specialists.
